

Ribbon Cable Assemblies

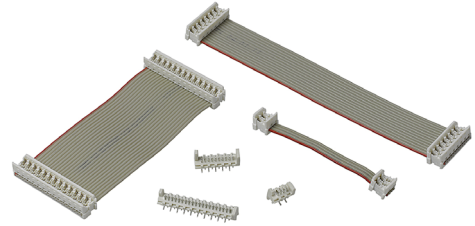

Molex Ribbon Cable Assemblies offer a range of options using different IDT connector families from Molex, such as Picoflex and Milli-Grid.

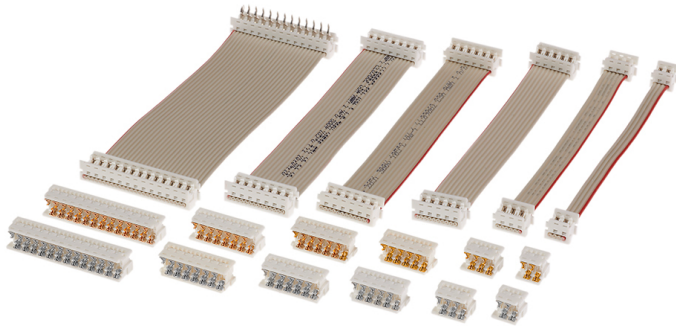

Features and Advantages

Available with a range of Molex IDT connectors

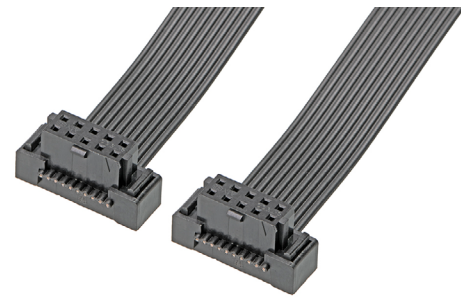

Meets the needs of a range of applications and offers design flexibility

Picoflex Ribbon Cable Assembly

Picoflex Ribbon Cable Assembly

Milli-Grid Ribbon Cable Assembly

Available in a variety of configurations

Offers design flexibility with various lengths, connector orientations and circuit sizes

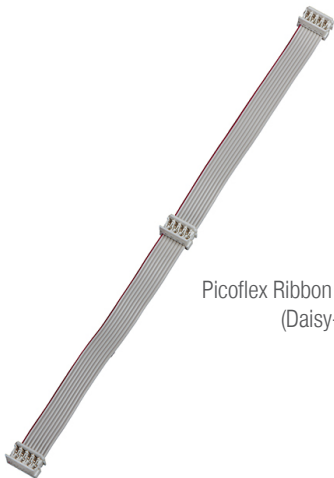

Available in a range of quantities

Offers a selection of quantities required for different application types and throughout the product development cycle with the use of its manufacturing equipment and capabilities

Meets current industry standards for cable assemblies

Ensures high quality; standards include the following:

- UL product certification
- ISO 14001
- ISO/TS 16949
- DIN ISO 9001-2000
- ISO 13485
- 2011/65/EU RoHS compliance

Picoflex Ribbon Cable Assembly
(Daisy-Chain)
